Dr. Harold L. Martin, Sr.  
Chancellor  
North Carolina Agricultural  
& Technical State University  
1601 East Market Street  
Greensboro, NC 27411

Dear Dr. Martin:

The Committee on Fifth-Year Interim Reports reviewed the institution's compliance with the 17 select standards of the *Principles of Accreditation* outlined in the Commission's Fifth-Year Interim Report. The Committee requested no additional report.

#### QEP Impact Report

The Committee also reviewed the institution's QEP Impact Report. The report was accepted with the following comments:

 The institution has adequately described the initial goals and intended outcomes of its QEP, discussed the limited changes made in the QEP, discussed the impact on student learning and/or the environment supporting student learning, and described what the institution has learned as a result of the QEP experience. No additional report required.

This notification replaces my July 8, 2016, letter that originally requested a Referral Report focusing on CS 3.3.1.1 (Institutional effectiveness: educational program). Further review of your report indicated that the University had provided an adequate representation of educational degree programs. Initially the readers were not able to open the links from the checkmarks in the "Continuous Improvement Matrix" (Table 1). Thank you for calling this to our attention.

We appreciate your continued support of the activities of SACSCOC. If you have questions, please contact the Commission staff member assigned to your institution.

Sincerely,

Belle S. Wheelan, Ph.D.  
President
