Dear Dr. Martin,

At its February 2015 Mid-Year Meeting, the Accreditation Committee for the American Council for Construction Education (ACCE) reviewed the First Year Progress Report for the Construction Management Program at North Carolina A&T State University.

The report as submitted was accepted by the Council. Actions taken by the institution on correction or elimination of Weaknesses and Concerns cited in the 2014 Visiting Team Report were approved.

From the information in the Progress Report, the Council summarized the following comments:

*The Council commends the Program for its actions to resolve the weakness and concerns in the first progress report.*

The Council looks forward to complete documentation of these issues in the Third Year Progress Report.

If you have any questions, please contact Mike Holland, President for ACCE. We look forward to continued cooperation in the accreditation process between ACCE and North Carolina A&T State University.

Best regards,
