

**All
of Us**
RESEARCH PROGRAM

Visit the *All of Us* Journey

The *All of Us* Journey is headed your way! The Journey features interactive activities, games, and more—all designed to demonstrate the power of your participation in health research. You can even enroll in the *All of Us* Research Program during your visit.

Come aboard this traveling educational exhibit to learn how you can help shape the future of health for yourself, your family, your community, and generations to come.

Visit JoinAllofUs.org/tour to learn more and enroll in the *All of Us* Research Program in advance. Once enrolled, you can schedule an appointment to conveniently provide your biosamples at the *All of Us* Journey at **N.C. A&T State University** by calling (833) 990-0200.

November

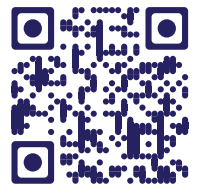

5-7

10:00 a.m. - 4:00 p.m.

To learn more, scan the QR code or visit JoinAllofUs.org/drive.

N.C. A&T State University
The Alvin V. Blount Jr.
Student Health Center
112 N. Benbow Road
Greensboro, NC. 27411

Last biosample collection time: 3:30 p.m.

When you join *All of Us*, you're joining hundreds of thousands of others who are helping to speed up health research. In return for sharing a little saliva or blood with *All of Us*, you can get DNA results! You might learn fascinating insights about where your ancestors came from hundreds of years ago. And you might learn interesting information about your genetic traits, like how your body responds to the lactose in milk. All of this information helps paint a full picture of what makes each of us unique. It helps researchers understand how our health history, genetics, environment, and life experiences impact our health.
