Re New Web Page for Federal Communications

As a follow-up to the memorandum I shared on Jan. 28 regarding executive orders and memoranda from federal offices, I am writing to share a new web page where we are now posting those federal communications as they come in:

<https://www.ncat.edu/research/research-communications.php>

Use the page's accordion menu to view court rulings and memoranda from the Office of Management and Budget, the Department of Justice and other federal departments, institutes and agencies that support research and sponsored programs at North Carolina A&T. There is also a tab for our own messaging labeled Internal Communications.

Memoranda, rulings and other messages are posted in reverse chronological order so that the most recent message under each tab is listed first.

I hope this resource is helpful in keeping up with important federal guidance and direction in a very dynamic environment. As always, please reach out to the Division of Research if you have questions.
